

New Parks & Open Spaces

100+ ACRES

Dedication of privately-owned land to create open spaces, including Denver's 11th Regional Park

PARKS FOR THE COMMUNITY & THE CITY

Regional parks are big enough to offer a range of uses for the community, like pools, dog parks, football and soccer fields & playgrounds.

WATER-WISE

Replace water-intensive bluegrass sod with native, drought-tolerant plant palettes

ACTIVE PARK USES

Active recreation areas benefit the neighborhood & entire city

~1000 NEW TREES

Proposed development and parks will more than double existing tree canopy since 2019

POLLINATOR HABITATS

Innovative partnership with Butterfly Pavilion to improve biodiversity and pollinator habitats

\$20+ MILLION

Development invests more than \$20 million in new public parks, recreational infrastructure & multi-use trails
